The baroness formerly was Miss Maud Potter, daughter of John Potter of Philadelphia. Her former husband was a brother of Baron Herbert de Reuter, managing director of the Reuter Telegram Company of London. He died November 22, 1910.

Treat Shipments of Arms as  
Ordinary Merchandise.

(By Associated Press.)  
Washington, Sept. 11.—The final step for the removal of the embargo on the exportation of arms from the United States to Mexico was taken yesterday, when Secretary McAdoo sent the following telegram to collectors of customs on the Mexican border:

"In view of the restoration of peace in Mexico, collectors and other officers in the future may treat arms and ammunition as ordinary commercial shipments and permit them to go forward accordingly."

Mrs. Pennybacker will not come South until November, stopping in Mississippi before returning to Austin.—Austin Statesman.

#### ENNIS COTTON TO BE SENT ACROSS THE WATERS

Ennis, Tex., Sept. 11.—The local cotton compress recently commenced operations, and the first 250 bales of the fleecy staple to be prepared for shipping is to be exported. Liverpool will receive 200 of the bales, while the remaining fifty go to Japan. The price to be received for the product was not made public, but it is thought it would be considerably higher than if sold locally.

### FRENCH FORM ONE BLADE AND ENGLISH THE OTHER

No Decisive Results Reported Today—The Germans Continue to Retire and There Is Evidence of Both Exhaustion and Demoralization—Their Ammunition Is Also Said to Be Running Short—The British Captured Many German Prisoners and Guns—It Is Conceded the German Movement Southeast of Paris Has Been Defeated—Servians and Montenegrins March on Capital of Bosnia. Germany and Austria Agree Not to Make Peace Without Consent of Both—German Crown Prince Takes Forts.

(By Associated Press.)  
London, Sept. 11.—(Official.)—A general retirement of the enemy continues.

The British captured 1,500 prisoners and many guns.

Considerable bodies of infantry, left behind, surrendered at sight. This and the rifling of villages and evidences of drunkenness, indicate the demoralization of the enemy. The pursuit is vigorously pressed.

Copenhagen reports that Von Hindenberg routed the Russian left in East Prussia.

The Belgians are pursuing a German corps that is moving toward France.

Berlin admits the evacuation of Upper Alsace, and that the Germans in France are fatigued.

The German navy is active in the Baltic.

The Germans are moving in force toward Konigsberg, which the Russians are bombarding.

(By Associated Press.)  
London, Sept. 11.—It is believed if the Germans do not rapidly retrieve their fortunes they will be forced to get out of France.

The allies' successes, it is admitted, do not mean victory, yet a gain of forty miles on the German left increases the jeopardy of a demoralization of the exhausted troops.

The French have recaptured Mulhausen in Alsace.

It is beyond a doubt, according to correspondents, that the German movement southeast of Paris has been defeated.

It is hoped the allies' left is preparing to take revenge on the retreating German right.

On the extreme French right the enemy has been thrown back behind Champenoux.

The Times correspondent says the Germans find themselves caught between the blades of shears, the upper blade formed by the French on the river Ourcq, the lower by the English on the Grand Morin and Marne.

The German attempts to extricate themselves have been furious but fruitless.

The German ammunition is short.

#### March on Bosnia Capital.

(By Associated Press.)  
Nish, Serbia, Sept. 11.—The Serbians occupied Semlin across the river from Belgrade yesterday after a bloody battle. The Montenegrins captured Fotoha and effected a junction with the Serbians near Visegrad. The combined troops began the march on Sarajevo, the capital of Bosnia.

#### High Turkish Officers Fight.

(By Associated Press.)  
Paris, Sept. 11.—A Rome dispatch says the Turkish Crown Prince and the Minister of War engaged in a violent discussion on Turkey's political policy. The minister was greatly excited and fired twice at the prince, who was slightly wounded. The prince replied and shot the minister in the leg. Another version says the minister died.

#### Both Sides Claim Advantage.

(By Associated Press.)  
Washington, Sept. 11.—The German embassy announces the Germans in a two days' battle east of Paris held their own against superior forces. We captured fifty guns and several thousand prisoners, but retired when strong reinforcements approached. The enemy failed to pursue. Fighting continues west of Verdun.

Vienna reports the Austrians resumed the offensive near Lemberg. This marks the second stage of a nine day battle in which a half million men were engaged.

The Austrians Sunday annihilated a Serbian division. Neutral military attaches say the enemy is using dum-dum bullets.

The French embassy says: "The allies gained marked advances against the German right. The Marne valley is free of Germans. The allies were forced back at Champagne, but regained in part."

"The capture of Maubeuge is unconfirmed."

#### Belgian Commission Arrives.

(By Associated Press.)  
New York, Sept. 11.—Count Delclertvelde, secretary of the Belgian commission here to protest against Germany's violation of Belgian neutrality, was heard today. The Kaiser said the harshness against the Belgians was necessary because Belgian civilians shot the Germans. "I don't see how it is possible for a man to lie so," commented the count. The count said several German soldiers, finding a Belgian colonel wounded, placed their revolvers against his mouth and blew his head off.

#### Will Stand Off Turkey.

(By Associated Press.)  
London, Sept. 11.—Roumania, Bulgaria and Greece have formed an alliance to interfere whenever Turkey attempts to aid Germany.

#### Kaiser at Luxembourg.

#### Poincare Makes Counter Charge.

(By Associated Press.)  
Washington, Sept. 11.—President Poincare of France, replying to the Kaiser's charges, tells President Wilson the Kaiser has been trying to shift the responsibility of the Germans using dum-dum bullets ever since the war started.

#### Germany and Austria Make Compact.

(By Associated Press.)  
Copenhagen, Sept. 11.—Austria and Germany have agreed not to make peace separately.

#### Germans Capture Forts.

(By Associated Press.)

### WANT BUY-A-BALE COTTON EXEMPTED

(By Associated Press.)  
Austin, Tex., Sept. 11.—The House urges the Governor to submit the question of exemption from taxation the cotton bought under the buy-a-bale plan.

#### MORE BALES BOUGHT.

Mrs. J. W. Coulter has purchased a bale of cotton on the buy-a-bale plan, paying ten cents per pound therefor, from Mrs. Walter Wilcox of near Tabor. The bale weighed 556 pounds and brought the seller \$55.60.

Mrs. Dona Carnes, society editress of The Eagle, has purchased a bale from Mrs. J. D. Williams of Rock Prairie at ten cents. This bale was to be delivered today or tomorrow.

Both these purchases exemplify the spirit that should prevail in the purchases under the buy-a-bale plan. Both were bought from widow ladies who needed assistance and the purchases will serve a two-fold purpose—take a bale off the market and extend help to those who need it. Let all the buy-a-bale purchasers keep these points in mind.

#### BIG COTTON DEAL.

Mr. Waller, a cotton buyer of this city, late yesterday afternoon closed the biggest cotton transaction recorded here this season. The deal included the purchase of 475 bales from J. R. Collier of Mumford at 7 1/2 cents a pound, involving a sum of nearly \$20,000. The Eagle learns the cotton will be shipped to Bryan to be compressed.

#### SHOE PRICES ARE TO ADVANCE.

Consumer Must Ultimately Feel Effect of Increased Cost of Leather.

New York, Sept. 11.—"The cost of shoes to the manufacturer, to the wholesaler and to the retailer must be increased, and the scarcity of leather ultimately will make itself felt to the consumer," according to a statement issued here last night by a committee representing delegates to a conference of the National Boot and Shoe Manufacturers' Association and the National Shoe Retailers' Association. The conference was called to discuss the effect of the European war on the shoe and leather trade in the United States.

The committee that signed the statement included: John E. Wilder, Chicago; J. Frank McElwain and Charles H. Jones, Boston; John A. Bush, St. Louis; John W. Craddock, Lynchburg; Andrew C. McGowan and A. H. Geutling, Philadelphia; W. H. Laird, Pittsburg.

#### FARMERS' LEADERS ARRIVE.

Heads of Unions From Many States Reach Washington.

Washington, Sept. 11.—Charles Barrett of Georgia, president of the National Farmers' Union; E. W. Dabbs, president of the South Carolina Union; H. S. Mobley, president of the Arkansas Union; T. J. Douglas of Kennett, Mo., and Alex C. Davis of Arkansas, secretary of the National Union, comprise an advance guard here to appear before the House committee on Banking and Currency in the interest of Representative Henry's bill for the government to purchase the surplus cotton crop.

Representative Henry called on President Wilson yesterday and found him thoroughly alive to the situation and deeply sympathetic with the Southern farmer.

"The government is the only agency large enough to take care of this situation," said President Barrett.
